KAYI ENTERPRISES

Company History

Established as IR Enterprises in 2022, now proudly operating as Kayi Enterprises, continuing the same commitment to quality, trust, and customer satisfaction.

Corporate Profile

About Us

Established in 2025, **Kayi Enterprises** is a professional manpower supply and engineering services company based in Thane, Maharashtra. We specialize in providing skilled, semi-skilled, and unskilled manpower to commercial, industrial, infrastructure, healthcare, hospitality, and residential projects across India.

Our objective is to provide reliable, trained, and productive manpower that helps clients complete projects safely, efficiently, and on schedule. Every resource deployed by Kayi Enterprises is selected, verified, and managed with a strong focus on quality, discipline, and client satisfaction.

Our Vision

To become one of India's most trusted engineering and contracting companies by delivering innovative, safe, and sustainable solutions that exceed client expectations.

Skilled Workforce & Management System

Skilled Workforce

At Kayi Enterprises, we believe that the success of every project depends on the quality, discipline, and professionalism of the workforce deployed. We provide skilled, semi-skilled, and unskilled manpower that is carefully selected, technically evaluated, and trained to meet client requirements.

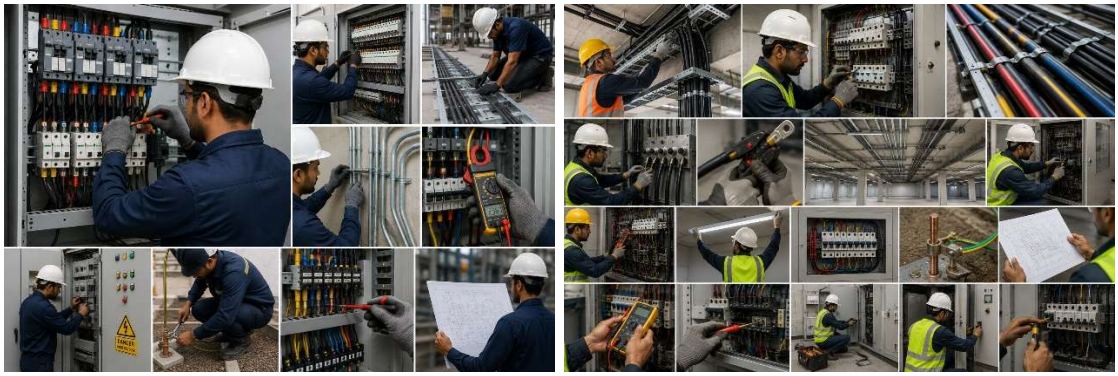

Every employee is recruited through a systematic selection process, ensuring technical competence, safety awareness, and professional conduct before deployment.

Kayi Enterprises Management System

Kayi Enterprises follows a structured management system to ensure every project is executed safely, efficiently, and within the committed timeline.

Recruitment & Selection

Every candidate undergoes document verification, skill assessment, personal interview, and reference verification before joining the organization.

Skill Assessment

Technical personnel are evaluated based on practical knowledge, trade experience, safety awareness, and ability to understand project drawings and work instructions.

Deployment Planning

Suitable manpower is assigned according to project scope, technical requirements, experience level, and client expectations.

Site Supervision

Each project is monitored by experienced supervisors who coordinate manpower, allocate daily work, monitor productivity, and ensure quality standards are maintained.

Attendance & Reporting

Daily attendance, manpower deployment reports, work progress, and site observations are maintained systematically and shared with clients whenever required.

Safety Management

All employees receive safety induction before deployment. PPE compliance, toolbox talks, hazard identification, and safe work practices are implemented throughout the project.

Quality Control

Regular inspections are conducted to ensure work is executed according to approved drawings, client specifications, and industry standards.

Kausa, Mumbra, Dist-Thane, Pin :- 400612

Performance Monitoring

Employee performance is continuously evaluated based on productivity, discipline, attendance, quality of work, and client feedback.

Replacement & Backup Support

In case of absenteeism or additional manpower requirements, suitable replacements are arranged promptly to minimize disruption to project activities.

Client Communication

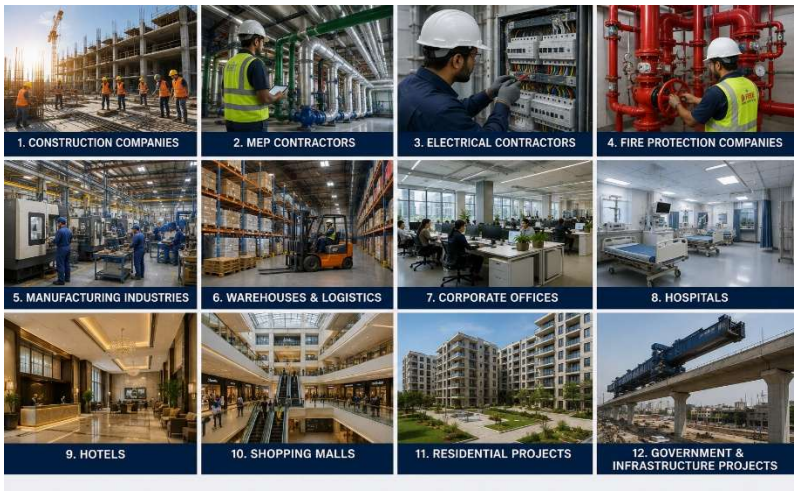

A dedicated coordinator remains in regular contact with the client, ensuring smooth communication, quick issue resolution, and timely execution of project requirements.

Why Choose Kayi Enterprises

- Skilled, verified, and disciplined workforce
- Quick deployment of manpower
- Daily, monthly, and project-based staffing
- Competitive commercial rates
- Experienced site supervisors
- Compliance with client safety requirements
- Professional coordination and reporting
- Reliable replacement support whenever required
- Timely attendance and workforce management
- Customer-focused service
